FREDERICK LUDWIGSON

Frederick Ludwigson died on Sunday last from the effects of injuries received in a fall from a road grader on which he was at work last Thursday afternoon. Though he fell but a short distance his collar bone and several ribs were broken. Being a man of seventy-two years, the injuries and the shock were too great to be overcome, and death relieved his suffering.

Deceased was a native of Tronjhem away in the north of Norway, and came to America in 1882. He is survived by a widow, four sons and three daughters—N. E. Lewis and H. E. Lewis, of Groton, Louis Ludwigson of Lake Preston, S. D., and Fred Ludwigson, of Powers, Mont.; Mrs. Stafford of Ft. Stockton, Texas, Mrs. Osterman of Laketfield, Minn., Mrs. Poplen of Lead, S. D.

Funeral services will occur today beginning at the home, and followed by service at the Lutheran church.

Deceased had been a resident of this locality for about eight years, coming here from Murray County, Minn. He was a type of that citizenship which has been acquired from northern Europe, whose thrift and sterling worth has made America greatest among the nations.
